## ESSAY: You as an audience member

You must attend a music-related performance in which you are an audience member. After attending this performance (choir, orchestra, musical, ballet, rock concert, etc), reflect on the experience and write an essay describing the event. Enough detail should be given in order for Mr. Bennett to visualize the performance. Please include descriptions of the following: performing group, location, date, time, number of performers, number of audience, length of performance, style of music, favorite piece, least favorite piece, expressiveness or lack thereof, organization, and overall thoughts. Please see the rubric for specific requirements.
